ASSIGNMENT FOLIO

We take this opportunity to express our sincere gratitude to Dezyne École College for providing us with the knowledge, resources, and guidance essential to the successful completion of this project.

Our deepest thanks to our respected Principal, Dr. Vinita Mathur, for her visionary leadership and continuous encouragement. Her commitment to academic excellence and student growth has been a constant source of motivation and pride.

We are equally thankful to all our faculty members for their consistent support, expert advice, and valuable insights that shaped our learning and helped us achieve this milestone.

Lastly, we extend heartfelt thanks to everyone who directly or indirectly contributed to the success of this project.

We are proud to be part of Dezyne École College, an institution that truly nurtures professionalism, innovation, and purpose.

With sincere appreciation,

Harsh Tanwar

Recommendation

Create a Performance Max campaign

Get more conversions at a similar cost with a Performance Max campaign. It uses Google AI to show ads across Search, YouTube, Display, Discover, Gmail, and Maps to driver better results.
Recommended because advertisers who adopt Performance Max (PMax) see +27% more conversion/value uplift at a similar cost per action/return on ad spend (CPA/ROAS) regardless of their level of Broad Match adoption

Customer acquisition

☐ Only bid for new customers

Your campaign will be limited to only new customers, regardless of your bid strategy

By default, your campaign bids equally for new and existing customers. However, you can configure your customer acquisition settings to optimize for acquiring new customers. [Learn more about customer acquisition](#)

Customer retention

☐ Adjust your bidding to help re-engage lapsed customers 

 You can't bid higher for lapsed customers because you don't have a purchase goal in your account. Add a purchase goal to run campaigns that bid higher for specific customer types.
